

a Quarter to...

European Medical Education in Orthopaedic Surgery and Traumatology

Zoom meeting

07:45 - 08:00 a.m. (CET)

Once a month!

<https://a-quarter-to.org>

European Medical Education Sessions in Orthopaedic Surgery and Traumatology

"a Quarter to..." is a 15 minutes presentation held by the specialists from one of the joining European centers followed by a discussion.

The sessions take place every last Thursday of a month at 07:45 a.m. (CET).

„a Quarter to“ is a perfect chance to stay up to date and to join up with colleagues from around Europe.

Centers from Madrid, Paris, Rome, Leeds, Rotterdam, South Denmark, Ankara, Istanbul, Oporto, Maastricht, Dresden and Bonn are already participating.

The sessions cover various topics such as:

- ... arthroplasty
- ... hand
- ... pediatrics
- ... reconstruction/infection
- ... shoulder and elbow
- ... spine
- ... sports
- ... traumatology
- ... tumor

Dear colleagues,

We invite you and your team to get an update from Europe's specialists in orthopedics and trauma surgery in just 15 minutes, once a month, as part of your morning meeting

And maybe you would also like to give us an insight into your work during such a session and share your knowledge with our network?

Then we would be delighted if you contact us and we will organize your session!

On the next pages you will find an overview of our past and upcoming meetings.

We are looking forward to welcoming you online!

Best regards

Prof. Christof Burger

„A QUARTER TO“ SESSIONS 2021

Session 1 – 28 January 2021

ARTHROPLASTY AND INFECTION PERIPROSTHETIC JOINT INFECTIONS

Thomas Randau
Department of Orthopaedic Surgery and
Traumatology
University of Bonn Medical Center (Germany)

Session 2 – 25 February 2021

TRAUMATOLOGY - KNEE PROXIMAL FRACTURES OF THE TIBIA. THE POSTERIOR APPROACH

Franisco Chana Rodríguez
Department of Orthopaedic Surgery and
Traumatology
University Complutense of Madrid Medical
Center (Spain)

Session 3 – 18 March 2021

TRAUMATOLOGY - PELVIS IMPACTION INJURIES OF ACETABULUM FRACTURES

Peter Giannoudis
Department of Orthopaedic Trauma
Leeds General Infirmary
University of Leeds (UK)

Session 4 – 29 April 2021

TRAUMATOLOGY – UPPER EXTREMITY THE TRAP APPROACH FOR COMPLEX FRACTURES OF THE DISTAL HUMERUS IN THE ELDERLY

Thierry Begué
Hôpital Antoine-Béclère
Hôpitaux universitaires
Université Saclay de Paris (France)

Session 5 – 27 May 2021

TRAUMATOLOGY – UPPER EXTREMITY FRAGMENT SPECIFIC FIXATION IN DISTAL RADIUS FRACTURE

Lorenzo Alirio Díaz Balzani
Campus Bio-Medico
Università di Roma (Italy)

Session 6 – 24 June 2021

TRAUMATOLOGY – UPPER EXTREMITY Glenoid Rim Fractures and Shoulder Instability

Fernando Marco Martínez
Department of Orthopaedic Surgery and
Traumatology
Hospital Clínico San Carlos
University Complutense of Madrid Medical
Center (Spain)

Session 7 – 26 August 2021

**TRAUMATOLOGY – KNEE
THE PAINFUL TOTAL KNEE**

Jan Verhaar
Department of Orthopaedics and Sports
Medicine
Erasmus University Medical Center Rotterdam
(The Netherlands)

Session 8 – 23 September 2021

**RAPID RECOVERY IN THA: MY PERSONAL
EXPERIENCE**

Per Kjærsgaard-Andersen
Department of Orthopaedic Surgery
IRS - Lillebælt Hospital, Vejle Hospital
The University of Southern Denmark (Denmark)

Session 9 – 4 November 2021

HOW TO IMPROVE TKA CEMENTATION

Javier Vaquero Martín
Department of Orthopaedic Surgery and
Traumatology
University Complutense of Madrid Medical
Center (Spain)

Session 10 – 25 November 2021

**IMPORTANT TECHNICAL POINTS IN MA-
NAGEMENT OF DISTAL HUMERAL
FRACTURES THROUGH TRANSOLECRA-
NON APPROACH**

Hakan Kinik
Department of Orthopaedics and Traumatology
Ankara University (Turkey)

Session 11 – 27 January 2022

**CALCANEUS FRACTURES: SURGICAL
TECHNIQUE**

Christof Burger
Traumatology, Hand and Reconstructive Surgery
Department of Orthopaedic Surgery and
Traumatology
University of Bonn Medical Center (Germany)

Session 12 – 24 February 2022

**ANKLE INSTABILITY: NEW ARTHROSCOPIC
APPROACHES FROM REPAIR TO RE-
CONSTRUCTION: Current results**

Hélder Pereira
Department of Orthopaedics and Traumatology
Oporto (Portugal)

Session 13 – 31 March 2022

BONE DEFECTS

Taco J. Blokhuis
Surgery
Maastricht University
Maastricht UMC+ (The Netherlands)

Session 14 – 21 April 2022

**TWO-STAGE BONE AND MENISCUS ALLO-
GRAFT AND AUTOLOGOUS
CHONDROCYTES IMPLANT FOR NICOMPART-
MENTAL KNEE OSTEOARTHRITIS**

Eduardo Álvarez Lozano
Hospital Universitario José Eleuterio González
de la Universidad Autónoma de Nuevo León
(U.A.N.L.) (Mexico)
